**Part B for** August 1911

SUBJECT.

Forming into two Survey numbers of the lands constituting the Hebbal Experimental Farm.

1. From the Officer in charge of the Agricultural Chemist's Office, No. 1494 dy 3.12.10.

Requests that the lands belonging to the Hebbal Experimental Farm may be constituted into a single Survey number as the bunds fixed by the Survey Dept. were removed five years ago to suit the purposes of the farm and that it would be inconvenient to replace them at this distance of time.

GPB—5,000—22-10-10

2. To the Supdt., Rev. Survey, No. 3917 dy 15.12.10.

Enquires whether the above request would be complied with

3. From the Survey Dept., no. 130 dd 16.6.11
states that the lands used for the farm are contained in two different blocks which are not contiguous, and that they may be clubbed together into two separate Survey numbers, that this course will necessitate alterations and corrections in field as well as in the Survey records and map and that he has no objection to constitute the farm into two large numbers if Dr. Coleman considers it inconvenient to have the farm made up of several small numbers.

4. To the Officer in charge of the Agricultural Chemists Office, Supdt., Rev. Survey, Rev. Cont. & Dy Cont., Bangalore, no. R.12824-7 dd 9.8.11
directs that the lands constituting the farm be formed into two Survey numbers, the necessary corrections being made in the Survey records and in the field

Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, December 3rd 1910.

From

Leslie C. Coleman Esquire, M.A., Ph.D.,
Mycologist & Entomologist in charge of the office
of the Agricultural Chemist,

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore.

Sir,

Five years ago when the lands at Hebbal were acquired and handed over to this Department for an Experimental Farm, the demarcation bunds were removed ~~and~~ as also the demarcation stones ~~were pulled~~ and the land was redivided into plots to suit our purposes. Apparently it was not known at the time that it was necessary to obtain Government sanction to do this. I have an enquiry just now from the Amildar of Bangalore as to whether orders of Government have been obtained in the matter. As the re-installation of the stones &c would be very inconvenient, I request that you will kindly obtain the sanction of Government for constituting the whole of the Experimental Farm at Hebbal into one Survey number.

I have the honour to be,
Sir,
Your most obedient servant,

For Agricultural Chemist.

Office of the Superintendent, 14
Mysore Revenue Survey,
Dated Bangalore, 16th June 1911

From

D. Shama Rao, Esq.,
Superintendent of Mysore Revenue
Survey and Settlement.

To

C.S. Balasundaram Iyer, Esq., B.A.,
OFFG. Secretary to the Government
of H. H. the Maharaja of Mysore,
Genl. and Rev. Depts.

Sir,

With reference to your letter No.R.3917/Agri:74-10-2 dated the 19th December 1910, enquiring whether the whole of the Experimental Farm at Hebbal may be constituted into a single Survey Number, I have the honor to state that the lands used for the Experimental Farm form two different blocks which are not contiguous and that they may be clubbed together into two Survey numbers. This will however necessitate alterations and corrections in Field as well as the Survey Records and map, as the numbering of the Survey Fields of the whole village will have to be changed. But if Dr. Coleman thinks it inconvenient to have the Farm made up of several small numbers, I have no

Agri 76-10-7

Camp Malebennur
Chitaldroog Dist.
23 December.

Dear Sir

During a conversation with the Second Councillor a few days ago he gave me to understand that Government are anxious to start an Agricultural College on a modest way in the very near future. In response to his request I have drawn up an outline of the work which in my opinion might and

of the actual working of other Agricultural Colleges in India, a thing which I have not as yet done. I should very much like to see the following colleges and learn something about them viz:- Poona Nagpur, Cawnpore Lyallpur and Coimbatore

I trust you will not think that I make this suggestion simply to

should be done and Mr Lee has asked me to prepare an estimate of the approximate cost of such an undertaking with the idea of accommodating some fifteen students during the first year. This I hope to present to him before Christmas.

I need hardly point out that this is a matter of some responsibility and Government would be strengthening my hands very materially should they allow me to see something

be allowed to travel at Government expense and that you will believe that I am desirous of thereby gaining first hand information upon a subject which, as far as India is concerned, I have never had an opportunity to study as carefully as I believe is necessary in order to carry out the wishes of Government in a successful manner.

At the same time I should like to avail myself of the opportunity to attend the important Agricultural Conference to be held in Allahabad during the week beginning with the 13th January 1911, an invitation to attend which was received by me more than a month ago.

There will be no meeting of the Agricultural Board of India this year so that the expenses of the trip would hardly constitute a more than ordinary drain

upon the funds allotted
for travelling expenses
in the budget of my
department.

I should greatly
appreciate it if you
would kindly furnish
me with your opinion
on the matter at an
early date and as
the trip if made at
all should be made
very soon after the
beginning of the new
year. Yours sincerely
Leslie Coleman
